

Tensor Learning Institute provides a range of tuition, consulting, forensic and remedial services to students at Schools, Colleges and Universities. We are located in Eerste River and Steenberg. With our team of highly qualified and experienced professionals we offer the following services in English:

- Diagnostic Assessments in Mathematics and Mathematical Literacy
- Tutorials for ALL subjects
- Examination Preparation for Senior and Adult Senior Certificate

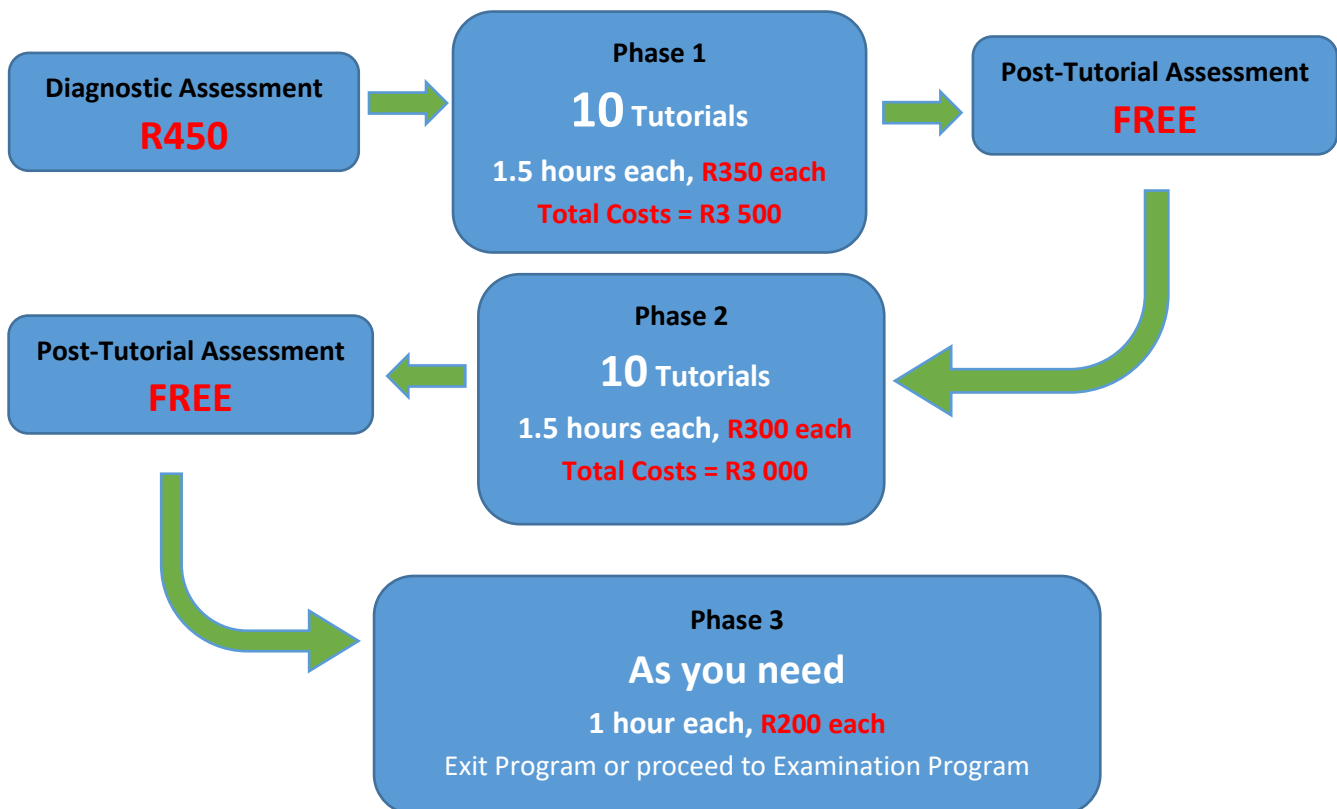

DIAGNOSTIC ASSESSMENT

A comprehensive Diagnostic Assessment of a student's skills and knowledge is essential to uncover the deeply hidden learning challenges faced by the student and also to provide a baseline against which to assess progress. A detailed report highlighting the academic strengths and weakness of the student is made available. A **FREE** assessment is held after every phase of tutorials so that progress of the student can be measured.

R450

TUTORIALS - Payment Plans Available

Tutorials are **one-on-one**. Home visits costs R50 extra. Tutoring takes on three phases:
